

**WEEKLY UPDATE**

**March 11, 2021**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Currently have 0 residents and 0 staff members positive for COVID-19.

As you have probably heard, the CDC recently announced that healthcare workers and long-term care residents should be among the first group of people to receive the vaccine for COVID-19. Devlin Manor received three vaccine clinics so far for both residents and staff. We are currently working with the hospital to provide vaccinations to new residents and staff moving forward. We are optimistic this will help stop the spread of this virus in our community.

Starting this week Devlin Manor is now open for inside visitation. If you are interested on visiting, please call reception to make an appointment. The indoor visitation policy and guideline has been mailed to all families and is available at the front desk.

We are also working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at Devlin Manor, 301-724-1400

Sincerely,

Christopher Adams, MBA, LNHA

## WEEKLY UPDATE

**March 18, 2021**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Currently have 0 residents and 1 staff member positive for COVID-19. The staff member tested positive yesterday.

Devlin Manor received three vaccine clinics so far for both residents and staff. We are currently working with the hospital to provide vaccinations to new residents and staff moving forward. We are optimistic this will help stop the spread of this virus in our community.

Unfortunately, due to the current outbreak status from yesterday visitation will be limited to outside and window visits until further notice. If you are interested on visiting, please call reception to make an appointment. The indoor visitation policy and guideline has been mailed to all families and is available at the front desk.

We are also working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

## WEEKLY UPDATE

March 3, 2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Currently there are 0 residents and 0 staff members positive for COVID-19 in our facility.

As you have probably heard, the CDC recently announced that healthcare workers and long-term care residents should be among the first group of people to receive the vaccine for COVID-19. Devlin Manor received our first vaccine on Monday January the 11<sup>th</sup>, our second vaccine on February 1<sup>st</sup> and our third vaccine clinic on February 22<sup>nd</sup>. We are optimistic this will help stop the spread of this virus in our community. We are also waiting to hear from the State of Maryland on future clinics for new admissions and staff. In the meantime, please continue to do your part in limiting the transmission of COVID-19 by wearing masks, washing your hands and keeping a safe distance from others.

We are also working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.
